and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scroftweeter, ula and Scurvy, Colds with screness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required. They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelus, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appe tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, rene vate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable ne For minute directions see wrapper on the Box.

AYER'S CHERRY PECTORAL For the rapid Cure of COUGHS, COLDS, HOARSENESS,

BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION. THIS remedy has won for itself such potoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures that almost every section of the country abounds in persons publicly known, who have been restored rom alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affec-

tacks upon the langs, but for the milder varieties of Colds, Coughs, Hoarseness, &c.; and for Children it is the pleasantest and safest medicine As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by -
